Review of projects 2008

We have received 11 applications for support in 2008!

And seven of them had financial support.

In the winter of 2008 (Received February, March answered.)

On 5 applications

3 have been encouraged and invited to return in more complete way.

- Anthea

Not quite complete, we have commented and have asked to represent it again ..

- François Chevalier

Very high project, very interesting: we invited him to find his team and to come back with something started.

- Mika Lior

Interesting but too vaste, we have commented and have asked to represent us a project with an approach more directed on contact improvisation with children. The part of his project which seemed to us the most opportune for the association.

2 have received scholarships

- CI-36 (grant) \$ 700

For us to be represented at this event, two of our teachers who we would a fresh stimulus to the return of this great feast.

- PIE by Eryn (grant) \$ 700

To encourage this group of research who work since a long time already, in an attempt to encourage the use of their research for the return to the community by their PIE Festival.

In spring 2008

(Received May, June answered)

On 3 applications

Discontinuance

Rosy

Her lather of salary was too far from ours.

2 have received scholarships

Mika

(grant) \$ 500

To teach contact improvisation in the context of a neighborhood center social multicultural approach with a show!

Martin

(grant) \$ 400

Research grant for a group that was chosen for its numerous number of participants. Number that has dropped to 3....

In the fall of 2008

(Received September, met in November)

On 3 applications, all were supported.

Catherine

(loan) \$ 600

(Refund) \$ 240

\$ -360

Excellent teacher it was important to encourage her.

Phil & Irina

(loan) \$ 420

(Refund) \$ 201

\$ -219

They offered a completely new and refreshing "with a couple" of teachers arriving from horizon with their particular interests.

Talia

(loan) \$ 360

(Reimbursement)

Not very well known from us, we had a little hesitation. But his project was well presented, innovative and unique in the our world. A course of contact improvisation between people standing and people with disabilities of various disabilities. We have therefore chosen to support it.
